LOCAL ICE MAN IS CHOSEN OFFICER OF STATE ASSOCIATION

Mr. W. Hall Strode, of the Maysville Ice and Cold Storage Company, was elected Vice President of State Organization.

Mr. W. Hall Strode, of the Maysville Ice and Cold Storage Company, was signally honored by the ice manufacturers of the state of Kentucky at the annual meeting of the Kentucky Ice Manufacturers' Association held in Louisville yesterday, when he was selected as Vice President of the state organization.

Mr. R. H. Wade, of Fulton, Ky., was elected president, D. E. Bryant of Danville, Secretary and R. E. Lechler, of Shelbyville, treasurer.

In selecting Mr. Strode as Vice President of their organization, the state ice men made no mistake for he is a live wire in the business and is one of the best men in the business in the state, so recognized by all. Through Mr. Strode's efficient management the Maysville Ice Company is giving Maysville and this section one of the best services in ice manufacturing that could be given. The city during the great ice famine over the nation last summer, had plenty of ice on hand at all times, due to his good management and foresightedness.

The annual meeting was a very interesting one and closed with an address by Mr. L. M. Smith, of Chicago, a representative of the National Association of the Ice Industry. He brought a message from the Food Administration thanking the ice manufacturers of Kentucky for their co-operation in conserving ammonia during the war.

Mr. Stanley Lowrey, popular Maysville man, who has been overseas with the American Expeditionary forces for several months, arrived in Maysville Thursday night. Mr. Lowrey looks well and has had wonderful experience

INCOME TAXPAYERS WILL HAVE TO GET A RUSH ON

Saturday Is Last Day to Pay Income Tax and Many Have Not Yet Made Out Their Returns in This County—Rush Expected at Local Headquarters.

Saturday, March 15, is the last day for the payment of income taxes and as there are yet many people in Mason county who have not taken the time to make out their returns putting the matter off until the last minute, it is expected that there will be a great rush at the office of the Deputy Internal Revenue Collector's office in the government building during the next few hours that are left.

Thursday the building was well filled. Men were standing in line at the office door awaiting their turn to appear before the Deputy Avenue Collector and the experts who the government have furnished to assist all in filling out their blanks.

Although the blanks baffle those who are not accustomed to such papers for the people and the office force is getting rid of many applications each day.

Those who fail to make due return in the proper time will find it a rather costly matter and it is to be hoped that no one in Maysville or Mason county will find themselves facing the penalty charged by the government for this carelessness.

TIGHTENING UP THE CHAIRS; FORCE WORKING OVER TIME

The Pastime crew was very busy this morning tightening up the chairs at their theater, getting ready for "a tight squeeze" a big Sunshine comedy, to be shown at the Pastime tomorrow. Manager Triebel gave this picture the "once over" this morning and says "It's about the funniest comedy that he has ever seen" and issued orders to have the chairs in good condition for tomorrow. So everyone can laugh as loud and hearty as they like and feel perfectly "safe."

BARKOOT'S BIG SHOWS COMING TO MAYSVILLE DURING FIRST OF APRIL

Committee From DeKalb Lodge of Odd Fellows Will Give Big Show Here During April For Benefit of Widows' and Orphans' Home.

Contracts were signed Thursday night by representatives of the DeKalb lodge of Odd Fellows with Mr. "Billy" Marcus, general agent of the K. G. Barkoot's Exposition Shows, for a week's engagement in this city from April 7 to 12 inclusive.

The special committee of Odd Fellows appointed to have the management of this benefit show is composed of Messrs. Thomas M. Russell, J. A. Dodson, W. R. Smith and H. L. Walsh. All of the money made by this committee on the shows' exhibition in Maysville will be donated by them to the Widows and Orphans Home at Lexington and there is no doubt but this will be a good sized fund.

"Billy" Marcus, the clever general agent for the Barkoot shows, says that this year his company is furnishing one of the best shows of the kind ever put on the road. The show is not a carnival such as the people of Maysville have seen in recent years but is a really big concern. There are sixteen attractions besides five rides, chief among which are, "The Whip", a new \$20,000 carousel and a Giant Eli Ferris wheel. There are also several free exhibitions and two bands. Vincent Miller's big Military Band of 22 pieces is the chief musical organization with the company and in addition there is a colored Jass Jammers' band of several pieces that will furnish real Jass music.

The show is traveling in their own special train of twenty-five cars and has all the appearances of a first class circus. It is worth while to see the shows unload, and it is more than likely that there will be a great crowd at the station and the show grounds on the day of the show's arrival in Maysville.

This show is appearing only in the chief cities of the various states through which it passes. The show is this week at Rome, Georgia, and will make only three cities in the state of Kentucky, Louisville, Lexington and Maysville, going from this city to Toledo, Ohio.

This is really the first big show booked for Maysville in several seasons and as Maysville has been hungry for some real first class show of the kind, there is every reason to believe that the committee of Odd Fellows in charge of the affair will meet with much success.

NOTICE

TO STOCKHOLDERS OF THE PEOPLES BUILDING ASSOCIATION

At a meeting of the Directors, held upon Friday, March 7, 1919, by a unanimous vote, the By-Laws were so amended that the Annual Meeting and Election will fall upon the first Friday in July, at 4 p. m., each year, instead of the first Friday in May, as has heretofore been the custom. This will prove a great convenience to shareholders, by getting dividends at a time to meet July bills. It will facilitate the rendering of reports, and is altogether desirable.

Dividends will, in the future, be paid on May 1st, 1919, but, instead, a fourteen (14) months' dividend will be paid to all stockholders on June 30, 1919. A new series will be opened July 1st of each year, in the future, instead of May 1st, as heretofore. 14-2t

FARMERS GETTING TO BACCO ALL READY NOW

Several farmers in the county who have been waiting on getting their tobacco ready until the market seems better, have now begun to get the last of their crops stripped out and ready for market. The fact that the American Tobacco Company is off the market for the balance of the season, that the date of the last sale will be the last of this month and that there is now a good tobacco handling season has caused the farmers who have been holding back to get quite a move on them.

WILL ATTEND CENTENAL MEETING OF I. O. O. F.

Curran, Reading Secretary of the Sovereign Lodge, will attend the meeting.

LAST DAY FOR THE FILING OF SUITS BRINGS IN SEVERAL

Today Is the Last Day For Filing of Suits For the March Term of Court—Several Petitions Filed.

This being the last day for the filing of suits for the March term of the Mason Circuit Court, Clerk James B. Key and Deputy Howard Key are being kept quite busy gathering in the late suits. Several were filed during the day some of which follow:

Teenie Wiley files suit for a divorce from her husband, Pete Wiley. They were married in Maysville in 1909 and as grounds for divorce the wife claims desertion for a period of more than five years. She asks for an absolute divorce, restoration to her maiden name and alimony to the extent of \$4 per week besides costs and attorney's fee.

Frank Vinson sues G. W. McDaniel asking judgment for the face value and interest on two notes and for \$24.50 for a hog which was sold to the defendant. The plaintiff states that he has had assigned to him a note dated August 1, 1912, for \$184.25 made originally to George Mitchell and a note dated August 23rd, 1915, made originally to the State National Bank. He asks for judgment in these sums with accrued interest.

Edward Stem files suit against Milton Gullett asking judgment in the sum of \$750, alleged damages. He says that Gullett about March 5th, 1919, entered into a contract with him whereby defendant agreed that if plaintiff, who was then living and working in Cincinnati, Ohio, would move to Maysville with his family and take up his residence with the defendant, whose wife had then left him, defendant would pay the plaintiff \$6 for rent, \$1.68 for gas bill, \$15 to meet obligations to his step-mother and \$25 to enable him to provide for moving his wife and children to Maysville and plaintiff says that defendant further agreed to give the plaintiff all the furniture in his house in Maysville, estimated to be worth \$550 and in the event the defendant's wife should return to him he would in exchange for the furniture provide plaintiff with new furniture worth at least \$550.

Plaintiff says he has moved to Maysville and is ready to carry out his part of the agreement but that the defendant has failed to give him the house or to pay any of the sums agreed upon except five dollars which was paid to secure the contract. He says he has therefore been damaged and asks judgment for \$750 and all costs.

The Farmers Mutual Insurance Company, of Mason county, brings suit against John H. Vancamp and his wife Martha Vancamp. The petition sets out that Vancamp gave a note for \$350 secured by mortgage on Mayslick property to J. M. Collins and that the note has been assigned to the Insurance Company. The note is dated August 28, 1918. The company sues for foreclosure on the mortgage and for judgment in the amount of the note with accrued interest to date.

SPRING CLEAN-UP CAMPAIGN IS NOW BEING SUGGESTED

Local Organizations Should Unite in Making Spring Clean-Up Day in Maysville This Year a Pronounced Success in Every Respect.

It's now about time to begin thinking about a city-wide clean-up and paint-up campaign and already matter suggesting plans is being received by Mayor Thomas M. Russell, the Mason County Woman's Club and the Maysville Chamber of Commerce. It is the plan to have the business men through the Chamber of Commerce and the women of the community through the Woman's Club to unite on a plan and upon a date. This plan will have the hearty co-operation of the city administration, Mayor Thomas M. Russell said today and he will be glad to do anything through his office that will help to make the movement a success.

Chairman Watkins, of the City Internal Improvement Committee and Street Commissioner Ben Smith, will also lend their hearty co-operation to the movement and it is more than likely that some definite action will be taken in this regard within the next few days.

The Clean-Up campaign which extended over a period of a week last year in Maysville was considered a great success. Much of this success was due to the efforts of the women of the Woman's Club and without their hearty co-operation and assistance the campaign this year would be a failure. However, that live organization has always taken a great interest in such a movement and there is no doubt at all but that this year they will do as they have always done in the clean-up movement.

Action was taken today to fix some week in the very early spring when this campaign can be put on and in which all of the people can unite in making it a real success it should be. There is much to be cleaned up in Maysville since the winter and every one should be ready to help.

PROF. CAPLINGER MOVES

Prof. W. J. Caplinger, Superintendent of the City Schools Thursday moved from his home in East Second street, Fifth Ward, to the Dinger property in Second street adjoining the High School building.

GETTING READY FOR SPRING DRESS-UP WEEK

Maysville Chamber of Commerce and Local Merchants Hope to Join in the National Celebration of Dress-Up Week.

Maysville's Style Show Week in the spring and fall have always been a great success. They have been successful not only for the merchants but for the shoppers as well and this year the local merchants and the Maysville Chamber of Commerce hopes to hold our regular Spring Style Show in concert with all communities all over the country in the celebration of Spring Dress Up Week.

This week has been officially set as from April 5-13 by the national Dress Up Bureau, which has this matter in hand and it is expected that the local style show will be held at the same time if all preliminary matters can be properly arranged.

This matter will have the attention of the Chamber of Commerce just as soon as Secretary Carl Dodds, who is now in Middletown, Ohio, called there by the death of a relative, returns to his office here. All of the local retailers will be urged to take part in the movement and it is expected that this year's Style Show or Dress Up Week will be in every respects the most successful one yet held in Maysville.

MARCH 28 SELECTED AS CLOSING DATE FOR LOCAL MARKET

Maysville Tobacco Association Decides On Last Friday in This Month as Closing Date For Local Market.

At a meeting of the Maysville Tobacco Association held this afternoon it was finally decided to fix Friday, March 28, as the last day of sales on the local market for this season. The warehousemen were practically unanimous in their selection of this date feeling that all of the tobacco in the section could be marketed by that date.

Every farmer in the section who now has tobacco out should make all arrangements to have his crop ready for marketing before the last Friday in this month or he will be compelled to hang his crop and hold it until next season or sell it to a speculator who would do this.

There will be no re-opening sales and all houses will close at the same time so that all of the weed must be marketed by the last day.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

THE WORLD'S OPINION

Nations are not unlike individuals. They must of necessity attain and hold the good opinion of their fellows. They must stand well before the world. Right now America's standing is ace high. Let us help keep it so.

America went into this world war more than anything else to retain her position before the world; to maintain her honor among the nations of earth. Germany had outraged it; had scoffed at it; had put upon Uncle Sam every sort of humiliation; had dubbed us a nation of cowardly money chasers. Finally as a last straw, she began making war upon innocent women and children; sinking our vessels without warning; drowning Americans wholesale, and the world had more or less begun to treat pretty much as Germany did.

All that has been changed; swiftly, effectively, finally. Today the whole world takes off its hat to America—to our aggressiveness, our enterprise, our dash and courage and gallantry, our sheer fighting strength and ability. It will be many a day before a foreign nation against attempts to tread upon the tail of our coat.

They know, and having won the world's good opinion, let's hold it. Uncle Sam has extensive financial and moral obligations to meet; obligations both at home and abroad; obligations that are imperative, vital, crucial; obligations that, strange as it may seem, are largely to be met with cold cash; bills that must be paid; loans that must be made in the final rescue and restoration of Europe. The millions of citizens of this republic are in truth America in the flesh, and this is our obligation, just as it was our fight. Let's meet it in the same spirit we met the Hun. Let's take all of this Victory-Liberty Loan.

THE PRICE OF PEACE

We have done pretty well to date toward paying the cost of war. We have loaned something near \$18,000,000,000 to Uncle Sam. But our obligation is not yet completely met.

Now we are facing the price of peace.

It will not anywhere near approximate the war expense. But it is just as vital. Just as imperative to our continued prosperity now that peace is come.

First of all we must help Uncle Sam wipe the slate clean of the war cost. There is a big overhang from the tremendous preparation he had made and still had under way when the armistice was signed. Bills that were unpaid. Adjustments that naturally followed the cancellation of war contracts. The army maintenance; payrolls, insurance claims, supply expenses, transportation, all that goes toward keeping such a fighting force intact and ready.

That is all a part of the peace price. For that preparation, just as much as the Yankee aggressiveness along the French front, convinced the German general staff that further fighting was not only futile but the part of folly.

Forced them in literal truth to sue for peace.

Then Uncle Sam's peace program must not be forgotten. We must pay for that too if we hope to see it realized and to benefit therefrom. For it will affect the individual welfare of every one of us.

The business activity, commercial, industrial, financial, that spells prosperity must be maintained. We benefit alike from it just as we suffer alike in the periods of depression. And most of us know what both means.

Uncle Sam must be permitted to carry out his elaborate peace plans. Must be permitted to complete the merchant marine, make his settlements with the industries, rehabilitate the wounded, complete all the internal tasks he has begun.

We must have the hum of industry, the healthy atmosphere of active business, a free and unrestricted circulation of money. These spell good times.

The more Victory-Liberty bonds we buy the better chance of all this.

The sooner we will realize upon the price of peace.

REAL ARTISTS TO BE SEEN IN SHOW NEXT MONDAY

First Class Artists Are in the Cast of **Daddy Long Legs** to Be Seen Here Next Monday Night.

Jean Webster's delightful romance, "Daddy Long Legs", as given to the stage by Henry Miller will dispense good cheer at the Washington next Monday evening. The story of the modern Cinderella who finds herself, through the magic of a rather crusty bachelor of means, lifted from the drab existence of a slavery in an orphanage and packed off to a select school, where she has everything a young woman could wish for, blossoms into radiant womanhood, and, unconsciously lays siege to the heart of her unknown benefactor is a tale that has found favor with over a million theatre goers.

The Company that Mr. Miller is sending here is an excellent one and is composed largely of those who have played in the piece during several of its successful seasons.

Alice Haynes who will be seen in "Judy" has played the part for a year. Her earlier experiences was in principal roles in "Ben-Hur", "Cordelia Blossom" and "The Yellow Jacket".

Robert Gleckler, who has the role of Jervis Pendleton, the "Daddy Long Legs" of the story, is an actor who served his apprenticeship in the famous Castle Square Theater, Boston, stock company and became the leading man in B. F. Keith theaters during four seasons.

Maud Williams was for several seasons with Klaw and Erlanger's "The Round Up" Dorothy McCord, Valerie Hickerson, Lillian Rose, Leonora Bradley, Maude Lydiate, Ruby Jones, Bert Chapman and Frank Kirk have been connected with Daddy Long Legs" or some other of Henry Miller's attractions for the last three years. Seats now on sale at Shafer & Watkins store.

IF THE BOTTOM DROPS!

Every once in a while you hear some fellow rain-crowding about the prospects for the immediate future of American industry and business. Usually he winds up with the expressed fear that things will be a great deal worse before they are better. He simply cannot see it any other way.

He is just the sort of fellow who is going to chase over into the adjoining state to visit his wife's folks when the Victory-Liberty loan drive comes along.

The chap who will try to escape buying.

He doesn't realize that the greater our response to Uncle Sam's appeal for financial help right now the more assured the country will be of continued prosperity, of live business conditions and industrial activity.

He seems to have overlooked the fact that the cancellation, right and left, of munitions contracts left hundreds of industrial plants with little or nothing to do until they had reached out and rounded up domestic orders. That meantime a lot of these plants were forced to lay off their workmen by the score.

And every time a workman is laid off it has its effect locally. It slows up business down at the corner grocery, the drygoods store, the shoe house, the smoke shop. With the butcher, the baker and the candlestick maker, so-to-speak, and in the end reaches all the way down to the manufacturer and producer.

Some of these plants had big stocks of raw material on hand, purchased in anticipation of long continued government work.

Uncle Sam cannot let them lose on this stock. The differences must be adjusted. And this alone means approximately \$1,500,000,000 of expenditure.

If we don't want the bottom to drop out of things generally we must stand by our guns, the country, our own interests. We must help Uncle Sam meet his obligations. Help in the financing of peace, now that it is here. Glooming around about the future isn't going to help any.

But subscribing to the Victory Liberty Loan will help heaps.

"During Change of Life I had hot flashes, dizzy spells and every month I was wild with misery. I had a constant dull pain, and would always feel tired. I suffered in this way for five or six years and was treated by a physician and took different remedies without benefit. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Sensitive Wash. I am recommending your medicine to all women ailing as I was, for I think it will carry them safely through the Change of Life, and relieve the ailments that come at that period."—Mrs. ALEXIE C. BARROW UNIT HAS SAILED FOR HOME, STATE LEARNS

Famous Company of Kentucky Nurses,
Doctors and Enlisted Men Start on
Journey For Home.

All of the "Barrow" Unit, or Base Hospital No. 40, has sailed from Liverpool, according to cablegrams received in Lexington Wednesday by relatives. Lieutenant Louis Lee Haggin, says "All of us leave Wednesday of next week from Liverpool." Mrs. Artie Stewart received a cablegram from her husband to the effect that the unit would sail Tuesday.

The cablegrams were not marked with the date of sending, but only the date of receipt, and there is some doubt of the time meant, as messages have been known to be as long as 3 days en route. One local woman had a letter from her husband Wednesday in which he said that he would probably be in the states when she received it, which indicates that the unit sailed early last week.

Sixteen detached members of this famous organization arrived in New York city last week on the Mauretania and a number of wires were received

by friends and relatives here from those already returned.

In a letter received by Dr. Woodfolk Barrow on March 8, Lieutenant Colonel David Barrow told of the receipt of orders assuring the return from Salisbury Court, Haste, England, of the unit immediately to this country. Dr. Barrow has received no news of the unit since that letter.

It is understood that in addition to the enlisted personnel, a large majority of the nurses and doctors of the unit will be returned to this country with the unit, but it is also known that a number of doctors and nurses with the unit had been reassigned to work on the European continent or with the Army of Occupation.—Lexington Herald.

Messrs. John Marsh and Ashby Porter of this city, are members of the Barrow Unit.

An additional sum of \$100,000 appropriated by the Red Cross will maintain its sanitary units and dispensaries at the military cantonments in this country until June.

To provide for the thousands of polio still passing through Epernay, the bombed-to-pieces Franco-American canteen opposite the cathedral has been rebuilt. The sisters of Secretary of State Lansing are in charge.

HEALTH BOARD IN NEW STATEMENT ON INFLUENZA

Kentucky State Board of Health
Makes New Statement on Reap-
pearance of Influenza.

Dr. McCormick, Secretary of the Kentucky State Board of Health directs the following statement to the people of Kentucky:

The State Board of Health, the United States Public Health Service and the Red Cross are united in this appeal to every citizen of Kentucky to help in lessening the spread of influenza and the development of pneumonia.

Nearly four hundred thousand Kentuckians suffered from these diseases last year, and fourteen thousand died from them. Deaths and sickness can be greatly lessened this year if each individual will do his part in avoiding them.

Have yourself and family and every one dependent upon you inoculated in Kentucky at once. Nearly five hundred thousand have been inoculated in Kentucky. Very few of these have developed influenza, and less than a dozen have died from pneumonia. Material for inoculation is furnished free by the State Board of Health. Go to your doctor and be inoculated. If you are not able to pay for the service, go to your Health Officer and have it done without cost. Avoid visiting the sick, especially if they have colds or sore throats.

It is frequently difficult even for a doctor to tell a bad cold from mild influenza. Pneumonia, in nearly every case, is following neglected mild influenza. If you take cold, go home for the safety of the community, to a well ventilated room by yourself, for the safety of your family, and to your bed for your own safety. Send for your doctor, but if you are unable to get him, take a dose of Castor oil, drink water freely, and eat soups, eggs, and other soft food, salted to taste. Avoid whiskey. It neither prevents nor cures influenza. Stay in bed until the cold is well, and if you stay by yourself the chances are you will not develop pneumonia. If you do these things and have been inoculated, you are practically certain not to develop pneumonia.

Cover your nose and mouth with your handkerchief when sneezing or coughing, and persuade others to do so. Don't go where crowds are, and if you find yourself where someone is sneezing and coughing, leave immediately.

Local epidemics of influenza are now occurring and are likely to occur from time to time for the next two or three years, but they can be avoided by any community, family or individual if they will do these things. Be inoculated today!

OUR COLORED CITIZENS

The Patriotic Mass Meeting at the Methodist Church tonight means much to the colored people of our city and county. It means more to our returned and returning soldiers. Hence everybody should come. At this meeting ways and means will be provided to start a Soldiers' Memorial Fund, and an organization formed to make this Soldiers' Memorial Fund a success and a certainty.

At this meeting tonight all the returned soldiers, both city and county, will be given a supper or banquet free. Every soldier in this city and county is invited to come. This meeting tonight is everybody's meeting—saint and sinner—young and old—Baptist and Methodist—city and county—citizens and soldiers.

The speech of Rec. Foreman will be more than worth your while to come. He is the man who made that great speech to you when you were leaving for the camps last year. There will be other good speeches. The soldier boys will also be asked to speak if they wish.

Let every one of us come tonight. Let us pack the church. Let us give every soldier boy a great welcome back home. Our coming to this meeting tonight will show the acid test of your patriotism.

When Others Must Wait!

Long party-line conversations hamper telephone service by making others sharing the line to wait. They must wait to send calls; they must wait to receive calls; Has this ever occurred to you? Because other must wait is a very good reason why party-line subscribers should observe the five-minute limit for local calls.

Co-operation between subscribers keeps party-lines open for both incoming and outgoing service.

Mrs. Clarence LeBus sustained a deep cut below the chin which barely missed the jugular vein. Mrs. W. V. Judson had her collar bone broken. Mrs. Desha Breckenridge received cuts and bruises, and Mrs. W. P. Footon, sister of Mrs. Judson, suffered minor bruises yesterday afternoon when the automobile in which they were going to Lexington crashed into a telephone pole about four miles west of Shelbyville on the State road.

The injured were taken immediately to the King's Daughter's Hospital at Shelbyville. Mrs. LeBus in an unconscious condition. They were reported resting well at a late hour last night. All are confidently expected to recover. Efforts will be made to secure a special car to take the party to their homes in Lexington today.

The accident, which happened early in the afternoon, came while the ladies were returning to their homes in Mrs. LeBus' limousine, from the Kentucky Equal Rights Association meeting in Louisville, where Mrs. Breckenridge had just been elected president of that body.

NATION-WIDE FIGHT AGAINST LEAGUE B-GUN IN WASHINGTON

Henry Waterson Is to Be President of Organization Perfected to Make Country-Wide Fight on League Covenant.

Washington, March 14—Preliminary organization of a nation-wide organization to combat the proposed covenant of the League of Nations was effected yesterday at a conference in the offices of Senator James A. Reed, of Missouri.

Within a few weeks the organization will begin sending out speakers and literature to every section of the United States "to tell voters just what the league means."

Henry Waterson, of Louisville, Ky., veteran editor, has accepted the Presidency of the organization. He telegraphed his acceptance to the Senators participating in the conference. George Wharton Pepper, lawyer, of Philadelphia, and President of the Pennsylvania Council of Defense, will be the active manager.

Among those who participated in the conference, in addition to Senator Reed, were Senator Borah, of Idaho; Senator Poindexter, of Washington, and Mr. Pepper. A list of names of prominent persons in various cities of the country to have indicated their willingness to co-operate in the movement was presented.

It was decided at the conference that the association should be entirely voluntary. It will be supported entirely by voluntary contributions. An effort will be made to make the organization distinctly a popular movement, as contrasted with the League to Enforce Peace, which is charged with having received its chief support from Carnegie's Foundation.

Further, it was agreed that the organization should seek to co-operate all the local associations now existing in many of the states to oppose the League of Nations plan.

Several names for the new organization have been suggested. The one favored most strongly is "The League for American Independence." An organization of this name exists, but has ceased to be active. Those who attended the conference felt that it might be well to revive that organization with the new purpose of combating the League of Nations proposal.
